Timbro + Dinda

## Who are we and what is the story behind this union?

Timbro is a unique foreign trade platform that connects global markets through a multi-sector, innovative approach. With offices in 9 countries, we have a presence on all continents, operating on several fronts: agro, import, metals and ores, distribution and private label, fuel and derivatives.

Our expertise, coupled with our international reach and the flexibility to deliver tailored business solutions, drives the success and sustainable growth of each partner.

So now we've joined forces with Dinda, a leading food brand in emerging markets like Africa, the Middle East and Latin America by offering products from diverse categories such as: Proteins, Fruits, Vegetables, Pasta, Biscuits, Grains and Flours, among others.

Taking a strategic approach, we prioritize quality, innovation and expansion across all food operations. Our team of experts constantly monitors consumer trends and preferences, ensuring that our products meet the most demanding demands.

We operate in the agro-industrial market, covering the entire production chain from the origin to the end consumer. Our experience allows us to work with agility, flexibility, and creativity to connect businesses effectively, addressing the needs of the market.

Focused on sustainable growth, we contribute to economic development, and our international presence enables us to meet the demands of a globalized market. We offer intelligent and flexible support tailored to each crop and market, ensuring the supply of diverse products.

Additionally, we work with multimodal logistics from door to door, efficiently transporting goods from farms to major ports in the southern and southeastern regions of Brazil, and across borders worldwide.
